Dear Member Libraries:

In the following pages you will find an objective summary of services and work our member libraries provide to nearly 280,000 residents of the Southern Tier. The **2018 Annual Statistical Report** includes relevant data on all 48 library sites within Allegany, Chemung, Schuyler, Steuben and Yates counties.

We are excited to present this compilation immediately following the first quarter of 2019. Traditionally, this report arrives in member libraries much later. We were able to accomplish this by utilizing web-based software provided by the New York State Library, and reducing the number of questions asked of libraries.

It is important to note all of this information as well as past years' statistics resides online. Our state library hosts a free searchable database that empowers libraries and residents to review vital library data. Library directors, trustees and staff are encouraged to use this database to enhance library services. However, STLS is happy to conveniently summarize most of this information and furnish it directly to our membership.

The BiblioStat Connect database can be found here...

STLS is proud to serve our 48 member library communities. It is our mission to *connect, empower and advocate for all Southern Tier libraries*. We recognize the wonderful things our membership does each day, so we are committed to assisting you in any reasonable manner. Thank you for your continued support and many efforts. Keep up the great work!

Warmest Regards,

Brian M. Hildreth, Executive Director
