A Message from the Executive Director

Southern Tier Library System

December 4, 2020

Dear Member Libraries:

The *2019 Annual Statistical Report* is a summarization of all member library statistics for the most recent calendar year. The report is generated by the Southern Tier Library System (STLS) using web-based software provided by the New York State Library. If members would like additional information, please contact STLS. We hope you will use this report to make good decisions about your libraries' practices.

Understanding how other libraries operate can help directors and trustees develop and improve essential services. *Regulation 90.2 of the Commissioner of Education* lists *Standards for Registration of Public, Free Association and Indian Libraries* indicates how libraries should minimally operate in New York State. These *Minimum Standards* have been recently revised, and go into effect January 1, 2021. The State Education Department expects all members to meet these standards for charter status.

Members can locate *Helpful Information for Meeting Minimum Public Library Standards* by visiting the State Library – Division of Library Development website... <http://www.nysl.nysed.gov/libdev/helpful/index.html> . You will also find an overview of these standards on the subsequent two pages.

STLS continually provides group training and individual consultations to support libraries in meeting these standards. Please contact us as often as needed, so we can work together to best serve our Southern Tier community.

Kindest Regards,

Brian M. Hildreth, Executive Director
