

## Director Report July 16,2025

- The website has been staying up to date and we have had a lot of compliments on the new layout.
- I am still working on the policy manual; this will be final most likely after summer program is finished
- 270 Flyers were delivered to the school, and more were posted around town.
- BRCS is partnering with us for summer lunches for 5 weeks on Tuesday- Thursday. We will prepare meals on Mondays and the last week. This is normal. Due to the large number of participants BRCS has increased the number of lunches they provide.
- **May 19 Budget vote:** 88 yes and 45 no.
- **Community Picnic is 8/14 from 4-8: Flyers have been created, Printed and are being distributed. Robbert Otto, Britney Pangburn and I have been spending time in alot of different towns.**
  - Donations so far: 21 baskets plus additional odds and ends to fill more baskets.
  - We need baskets if anyone has any they would like to donate.
  - 31 Gift Certificates
  - 1 bottle of wine
- **Rei Vacation:** was great I'm back and it was great.
- Summer program has been going great our first week we had 6,11,14 and finished with 27 Kids. We are doing great. This is a great first week.
- We received a \$500.00 grant for cooking classes for the fall. I will also be applying for a grant to help with the cooking classes for the ARC.
- We received a \$500.00 donation from the Lions. This is a unrestricted donation.
- We were originally slated to have 5 youth this summer however only 3 have been working. Because we were given 5 I did not hire out for the summer worker position as we budgeted. I do believe with the added youth participants we will need to fill that position for the remainder or the program. I have reached out to Arlianna Gaston about working starting next Tuesday 7/22. She would work Tuesdays & Thursdays 12-5.
